Hi Jafrul and Yvette-

Attached is the draft profile and agenda for the October SACC for asbestos and carbon tet. Please review and do send your edits back to Jeff and Stan, with a "cc" to me.

It would be helpful to incorporate the latest versions of the charge questions, if available. Note, the question on the Content and Organization has been moved to the end, it should no longer be Question 1. See examples from 1-BP.

Best,

Cynthia

Subject: Draft SACC Profile Sheet For October

Stan,

I pulled together a draft profile sheet for October. The only issue is the draft agenda which could change based on the final charge questions but I figure OSCP could take care of that as it gets closer or Cynthia could make the modifications.

I did not send this to Todd et al.

Let me know,

Jeff
